

NASA E-Theater 2008

Experience the latest NASA satellite technology and see a view of earth and space that you will never forget!

- Fly from outer space to College Park and anywhere on the Planet using data from NASA satellites.
- Feel the pulse of our planet! See how vegetation, clouds, and temperatures respond to the sun and seasons.
- Witness changes in our earth.
- See U.S. and international global satellite weather movies, complete with typhoons and tornadoes.
- Talk with real NASA scientists!

Check your program for all NASA Activity times & locations.
