
+ EXPLORATION

NASA Activities & E-Theatre

*World Finals is a chance to explore: other creative ideas, other cultures,
a college campus, and now... space!*

☐ Visit NASA's **E-Theatre** and see the **EARTH** as if you were looking from **SPACE** and learn lots of interesting facts from a **NASA** scientist that's here especially for you. It's a great chance to experience NASA's latest satellite **TECHNOLOGY** and to view the planet in a way that few get to see!

☐ **Classroom activities** are **FUN**, educational projects also led by a NASA scientist.

☐ **LOCATIONS & TIMES TBA** ☐
