

Odyssey of the Mind is... EXPLORATION

NASA at World Finals

World Finals is a chance to explore: other creative ideas, other cultures, a college campus, and now... space! Visit NASA's E-Theatre and see the Earth as if you were looking from SPACE and learn lots of interesting facts from a NASA scientist that's here especially for you. It's a great chance to experience NASA's latest satellite technology and to view the planet in a way that few get to see!

Classroom activities are fun, educational projects also led by a NASA scientist.

EXPLORE ALL NASA HAS TO OFFER:

- ✓ CREATIVITY FESTIVAL FUN
- ✓ NASA SCIENCE ACTIVITIES
- ✓ E-THEATRE & SATELLITES
